

Guidelines for Hosting a Seminar

Thank you for considering having Dr. Proodian as a guest speaker for your organization. Dr. Proodian has spoken at hundreds of companies, associations, business groups, churches, civic groups, and other organizations with universally positive feedback. We are confident that you and your organization will greatly enjoy his presentation, as so many others have.

As always, Dr. Proodian's health seminars are free in the local area.

The quickest and easiest way to start the process is to simply reach out to us at info@naturalhc.com (preferred method) or call us at 732-222-2219. We can assist you with selecting a topic that's right for your organization, and answer any questions you may have.

REQUIREMENTS

We do request a minimum audience of 15 people for Lunch & Learn Seminars as well as Workshops. There is a 50 person minimum for keynote presentations, church groups, annual company meetings, and other large gatherings. If preregistration does not meet these levels three days before the date of the event, the event is subject to cancellation.
